DOROTHY HALLMAN,
Chief Clerk, House of Representatives

Senate Resolution 316

Senator Moore offered the following resolution:

Whereas, The accomplishments of the Apollo space program have brought mankind past the threshold of space and have enabled us to see the awesome majesty of infinity; and

Whereas, These magnificent achievements have significantly enlarged the frontiers of human knowledge and will provide direct and indirect benefits of incalculable value to mankind for generations to come; and

Whereas, American leadership in space exploration serves as a tangible and telling testimony of the technological and economic strength of our free society, and a warning to those who would mistake our intent for peace for weakness or submissiveness; and

Whereas, The peaceful race to conquer space offers to all nations of this earth a meaningful alternative to petty or self-destructive rivalry; and

Whereas, Above all else, attainments in American space research and exploration serve to glorify and exalt the spirit of man as exemplified by the intelligence, determination, perseverance and courage displayed by all those who have played a role large or small in these historic voyages of discovery; now, therefore, be it

Resolved by the Senate of the 61st Legislature, That we pause first in reverence and respect for those gallant astronauts who in the fullness of years and richness of life gave the last full measure of devotion to duty by their supreme sacrifice; and be it further

Resolved, That we proclaim proudly our admiration and appreciation for the achievements of our All-American Space Team of astronauts scientists, technicians and others whose joint efforts have enabled this nation to attain the apogee of space exploration and development; and be it further

Resolved, That we most strongly urge the President and the Congress to provide sufficient funds to support and sustain a continuing space pro-

gram second to none in order that this nation may retain its leadership in space exploration and development for the good of mankind; and be it further

Resolved, That a copy of this Resolution be sent to President Nixon and to each member of the Texas Delegation in Congress and to the Administrator of the National Aeronautics and Space Administration.

MOORE

Signed: Lieutenant Governor Ben Barnes; Aikin, Bates, Bernal, Berry, Blanchard, Bridges, Brooks, Christie, Cole, Connally, Creighton, Grover, Hall, Harrington, Harris, Hazlewood, Herring, Hightower, Jordan, Kennard, Mauzy, McKool, Patman, Ratliff, Schwartz, Snelson, Strong, Watson, Wilson and Word.

The resolution was read.

On motion of Senator Brooks, and by unanimous consent, the names of the Lieutenant Governor and Senators were added to the resolution as signers thereof.

On motion of Senator Moore the resolution was considered immediately and was adopted.

Senate Concurrent Resolution 38

Senator Schwartz offered the following resolution:

S. C. R. No. 38, Directing the Interagency Natural Resources Council to make a comprehensive study of certain State land.

Whereas, The state-owned submerged lands, islands, estuaries, and estuarine areas in the Texas Gulf Coast Area, including the submerged lands of the state seaward of the mean lower low water marks in the Gulf of Mexico, and the natural resources and the environmental natural beauty with which they are so richly endowed, constitute an important and valuable property right belonging to the Public Free School Fund and to all of the people of Texas, and they are of immediate and potential value to the present and future generations of Texans; and

Whereas, It is the declared policy of the State that such submerged lands, islands, estuaries, and estuarine areas shall be so managed and used as to insure the conservation, protection, and restoration of such submerged

lands, islands, estuaries, and estuarine areas with resources and natural beauty and, consistent with such protection, conservation and restoration, their development and utilization in a manner that adequately and reasonably maintains a balance between the need for such protection in the interest of conserving the natural resources and the natural beauty of the state and the need to develop these submerged lands, islands, estuaries, and estuarine areas to further the growth and development of the state; and

Whereas, The people of the State of Texas have a primary interest in the correction and prevention of irreparable damage to or unreasonable impairment of the uses of the coastal waters of the state and inland waters of the state in such estuaries and estuarine areas caused by drainage, waste water disposal, industrial waste disposal, and all other activities that may contribute to the contamination and pollution of such waters; and

Whereas, The people of the State of Texas also have primary interests in the value of such lands, islands, estuaries, and estuarine areas as public property for production and marketing of oil and gas and other minerals and mineral resources, for the production of living resources, for shell and other fisheries and fishing, hunting, and other recreation, for wildlife conservation, and for health and other uses in which the public at large may participate and enjoy; and

Whereas, It is also the declared policy of this state that the public, individually and collectively, shall have the free and unrestricted right of ingress and egress to and from the state-owned beaches bordering on the seaward shore of the Gulf of Mexico and hence the people of the State of Texas have a further primary interest in conserving the natural beauty of the state's beaches and protecting and conserving them for the use of the public; and

Whereas, A comprehensive study is necessary to prepare the way for constructive legislation for the present and future protection of the interests of the people of the State of Texas in such submerged lands, beaches, islands, estuaries, and estuarine areas; and

Whereas, The United States Government is now conducting similar studies under P. L. 660 of the 84th

Congress as amended and under P. L. 90-454 of the 90th Congress and is entitled to receive the full cooperation of the agencies of this state with respect to the lands, beaches, waters, estuaries, and estuarine areas of this state; now, therefore, be it

Resolved by the Senate of the State of Texas, the House of Representatives concurring, That the following be accomplished:

Section 1. The Interagency Natural Resources Council, an interagency planning entity created under the authority of House Bill 276, Acts 1967, 60th Legislature, Regular Session, Chapter 417, in consultation with the School Land Board and the Submerged Lands Advisory Committee and with all other appropriate local, state, and federal agencies, is authorized and directed to make a comprehensive study of the state's submerged lands, beaches, islands, estuaries, and estuarine areas, including but without limitation coastal marshlands, bays, sounds, seaward areas, and lagoons. The term "estuary" means all or part of the mouth of an intrastate or interstate river or stream or other body of water, including, but not limited to, a sound, bay, harbor, lagoon, inshore body of water, and channel, having unimpaired natural connection with the open sea and within which the sea water is measurably diluted with fresh water derived from land drainage. The term "estuarine areas" means an environmental system consisting of an estuary and those transitional areas which are constantly influenced or affected by water from an estuary such as, but not limited to, coastal salt and freshwater marshes, algal flats, coastal and intertidal areas, sounds, bays, harbors, lagoons, inshore bodies of water, and channels. For the purpose of the study or studies of these lands, beaches, islands, estuaries, and estuarine areas, the Council shall consider, among other matters (a) their wildlife, health, and recreational potential, their ecology, their value as natural marine habitats and nursery feeding grounds for the marine, anadromous, and shell fisheries, their value as established marine soils for producing plant growth of a type useful as nursery or feeding grounds for marine life and their natural beauty and esthetic value, (b) their importance to navigation, their value for flood, hurricane, and erosion control, their mineral value, and (c) the value

of such areas for more intensive development for economic use to further the growth and development of the state. The study or studies shall also include (a) studies of the various problems of coastal engineering such as the protection of the beaches and bay bluffs from harmful erosion, the design and use of groins, seawalls, and jetties, and the effects of bay fills, fish passes, and other coastal works upon the physical features of the shores, channels, and bay bottoms and upon marine life and wildlife inhabiting such areas and (b) studies of the effects of waste and drainage water discharges into the waters of such estuaries and of the Gulf of Mexico in relation to the reasonable protection and conservation of the marine environment and the natural resources and natural beauty of these submerged lands, beaches, islands, estuaries, estuarine areas, and their overlying waters. In conducting the study or studies, the Interagency Natural Resources Council shall consider, among other matters, and without limitation as to the generality thereof, the physical and economic effects of existing and proposed water development projects of federal, state, and local agencies, and of authorized and prospective drainage projects of whatever nature upon the coastal waters and the waters of the state's estuaries and estuarine areas, the feasibility of reclaiming drainage waters from such projects, the future population growth and economic development in the area and in areas tributary thereto, the effects of existing and proposed projects for the filling and reclamation of waterfront lands upon the waste assimilative capacity of the coastal waters and the waters of the state's estuaries and estuarine areas, the possibilities of reclamation and reuse of waste waters and drainage water from such projects, and the feasibility of flow augmentation through managed releases from upstream reservoirs as an aid to quality maintenance.

Sec. 2. The Interagency Natural Resources Council may receive grants and matching funds from and may contract with such state, federal, or local public agencies or private agencies, entities, or educational institutions as it deems necessary for the rendition and affording of such management and technical services, facilities, studies, and reports, and personal services and operating expenses

as will best assist it to carry out the purposes of this Concurrent Resolution.

Sec. 3. The Interagency Natural Resources Council of Texas is directed to call on the advice, counsel, and guidance, and participation of appropriate local, state, and federal departments, boards, agencies, and educational institutions. The council shall, to the fullest practicable extent, cooperate and coordinate its work with all departments, boards, and agencies undertaking planning and technical investigations pertinent to this study. The Interagency Natural Resources Council is directed to coordinate its study and, in order to avoid duplication of work, shall make maximum use of data and information available from state agencies and boards and federal agencies, including but not limited to the United States Public Health Service, the United States Corps of Engineers, the United States Department of Health, Education and Welfare, the Federal Water Pollution Control Administration, the United States Soil Conservation Service, the United States Fish and Wildlife Service, the United States Bureau of Reclamation, the United States Geological Survey, the United States Department of the Interior, the School Land Board of Texas, Texas Water Pollution Control Board, and the Bureau of Economic Geology of The University of Texas.

Sec. 4. The Interagency Natural Resources Council is authorized to hold one or more public hearings which it deems necessary or desirable for the full development of all facts pertinent to its studies. City, county and state officials, officers, and employees and those of any other political subdivision of the state and of the state government are directed to furnish the Council, upon its request and within the limits of their respective facilities, such data, reports, and any other information it may require in connection with its studies, without any cost, fee, or charge whatsoever.

Sec. 5. On or before the first day of December, 1970, preceding the 1971 Regular Session of the Legislature, the Interagency Natural Resources Council shall submit to the Governor of Texas and to the Legislature a progress report indicating the status of its studies to date together with any recommendations for emergency legislation at that time to carry out

the purposes of its studies as herein defined.

Sec. 6. The Interagency Natural Resources Council shall submit its final report to the Governor of Texas and to the Legislature on or before the first day of December, 1972, preceding the 1973 Regular Session of the Legislature, together with its findings and recommendations for appropriate legislation to carry out the purposes of its studies as herein defined.

Senate Concurrent Resolution 39

Senator Watson offered the following resolution:

S. C. R. No. 39, Providing for the creation of an interim committee to study corporate farming, livestock feeding, and ranching operations in Texas.

Whereas, Between the decennial censuses of 1950 and 1960, the number of farms in Texas decreased from 331,567 to 227,071, and by 1967 there was another reduction in farms to 201,000; and

Whereas, Texas farms today are much larger and average much higher investment in land, buildings, and equipment, and there has been another innovation, a trend toward corporate ownership or operation of thousands of Texas farms; and

Whereas, The much higher investment now required for land, equipment, and buildings has been responsible in large part for corporate farming, livestock feeding, and ranching operations, but tax advantages to large ownership have also exerted an influence on big business to engage in corporate farming; and

Whereas, Although beneficial to the corporate farm operator, this type of ownership has created problems for the small farmer who cannot compete in employing farm labor or in pricing his ultimate product; now, therefore, be it

Resolved by the Senate of the 61st Legislature, the House of Representatives concurring, That the Texas Legislature hereby create a special interim committee to study corporate farming, livestock feeding, and ranching operations in Texas, in relation to the effect on Texas farmers and the

overall Texas economy; and, be it further

Resolved, That the committee shall be composed of five members of the Senate, to be appointed by the Lieutenant Governor; five members of the House of Representatives, to be appointed by the Speaker of the House; and five citizen members, appointed by the Governor, who shall be knowledgeable in Texas farming operations; and, be it further

Resolved, That members of the committee shall be reimbursed for actual and necessary expenses incurred in the performance of their official duties in the work of the committee from the Contingent Expenses Funds of the Senate and the House of Representatives; and, be it further

Resolved, That the committee shall make a full report, including findings and recommendations and drafts of any legislation deemed advisable, to the 62nd Legislature convening in January, 1971.

The resolution was read and was referred to the Committee on Contingent Expenses.

Senate Concurrent Resolution 40

Senator Herring offered the following resolution:

S. C. R. No. 40, Dedicating certain lands in Travis County to City of Austin for street purposes.

Whereas, The construction of a limited access thoroughfare connecting State Highway No. 183 and State Highway No. 290 and serving as a highway loop through the City of Austin, necessitates the dedication of certain tracts of land for such street purposes; and

Whereas, This public project will be of great benefit to the citizens of the State of Texas by affording another connecting link between such two highways and by affording better access for the public to the Highland Lakes area; and

Whereas, The City of Austin has acquired right-of-way for this thoroughfare and highway loop from the Colorado River northerly to White Rock Drive without participation by the State in such right-of-way costs; and

Whereas, Creation of this thoroughfare and highway loop will greatly benefit various State properties and the public in general; Now, therefore be it

Resolved by the Senate, The House of Representatives concurring:

That upon condition that the State of Texas be reimbursed for all costs of adjustments of utilities, driveways, buildings and parking lots resulting from such dedication, the land hereinafter described as Tract "A" and Tract "B," and Tract "C," be and the same is hereby dedicated to the City of Austin for the aforesaid street purposes:

Senate Concurrent Resolution 41

Senator Herring offered the following resolution:

S. C. R. No. 41, Dedicating certain land in Travis County to City of Austin for street purposes.

Whereas, The construction of a ninety-foot arterial street will be required extending southerly and westerly from Barton Springs Road to tie into the south end of the limited access thoroughfare connecting State Highway No. 183 and State Highway No. 290 serving as a highway loop around the City of Austin, and extending to FM 2244; and

Whereas, Drainage problems in the area of this arterial street can be better accomplished if the area is under the ownership of the City of Austin, necessitates the dedication of certain tracts of land for such street and drainage purposes; and

Whereas, This public project will be of great benefit to the citizens of the State of Texas by affording another connecting link between such two highways and by affording better access for the public to the Highland Lakes area; and

Whereas, The City of Austin has acquired right-of-way for this thoroughfare and highway loop from the Colorado River northerly to White Rock Drive without participation by the State in such right-of-way costs; and

Whereas, Creation of this thoroughfare and highway loop will greatly benefit various State properties and the public in general; now, therefore, be it

Resolved by the Senate, the House of Representatives concurring:

That the land hereinafter described as Tract "A," and Tract "B," be and the same is hereby dedicated to the City of Austin for the aforesaid purposes;

Tract A. Being 6.46 acres of land out of and a part of the Isaac Decker League in the City of Austin, Travis County, Texas, and being the same tract of land described in a memorandum of agreement and lease contract between the State of Texas and the City of Austin, a municipal corporation, dated May 15, 1941 and recorded in Volume 676 at Page 634 of the Deed Records of Travis County, Texas; which 6.46 acres of land were conveyed to the State of Texas by warranty deed dated December 11, 1883, of record in Volume 58 at Page 276 of the Deed Records of Travis County, Texas; said 6.46 acres of land being more particularly described by metes and bounds as follows:

Beginning at an iron pipe at the most easterly corner of the said State of Texas tract of land, same being the most easterly corner of the herein described tract of land, and from which point of beginning the northeast corner of lot 33, Barton Springs Heights, same being the intersection of the west line of Barton Boulevard and the westerly prolongation of the north line of Sunset View, as shown on a map or plat of said Barton Springs Heights, a subdivision of record in Book 3 at Page 165 of the Plat Records of Travis County, Texas, bears $S 43^{\circ} 58' E$ 41.63 feet;

Thence, $S 30^{\circ} 00' W$ 743.00 feet to the southeast corner of the said State of Texas tract of land, same being the southeast corner of the herein described tract of land;

Thence, $N 60^{\circ} 00' W$ 311.00 feet to the southwest corner of the said State of Texas tract of land, same being the southeast corner of the herein described tract of land;

Thence $N 30^{\circ} 00' E$ 893 feet to the

northwest corner of the said State of Texas tract of land, same being the northwest corner of the herein described tract of land;

Thence, N 64° 05' E 160.40 feet to the most northerly corner of the said State of Texas tract of land, same being the most northerly corner of the herein described tract of land;

Thence, S 08° 00' E 360.00 feet to the point of beginning.

Tract B. Being all of Lot 33, Barton Springs Heights, a subdivision in the City of Austin, Travis County, Texas, of record in Book 3 at Page 165 of the Plat Records of Travis County, Texas, which lot 33 is claimed by the State of Texas.

The resolution was read and was referred to the Committee on Jurisprudence.

Senate Concurrent Resolution 42

Senator Hightower offered the following resolution:

S. C. R. No. 42, Granting each House permission to adjourn from Thursday, April 3, 1969, to Tuesday, April 8, 1969.

BE IT RESOLVED by the Senate of the State of Texas, the House of Representatives concurring, That in compliance with Article III, Section 17 of the Constitution of the State of Texas, either House is hereby granted permission to adjourn from Thursday, April 3, 1969, to Tuesday, April 8, 1969.

The resolution was read.

On motion of Senator Hightower and by unanimous consent, the resolution was considered immediately and was adopted.

Senate Resolution 317

Senator Brooks offered the following resolution:

Whereas, A large segment of Texas young people completing high school today have made no plans for education at the college level, yet have vast potential for further education and training in technical or industrial fields; and

Whereas, With the rapid industrialization of Texas since World War II, the demand for personnel with a wide variety of technical skills has increased proportionately, but all too frequently Texas employers must seek

elsewhere for those who can perform the functions desired; and

Whereas, Although vocational education programs are offered in some of our high schools and junior colleges, it is clear that those programs underway are not sufficient to meet current needs; and

Whereas, The special Senate Interim Committee on Vocational-Technical Education, which was created by the 60th Legislature, has made great progress in exploring the needs in this vital field in Texas, but further work should be undertaken to define the policies and programs for vocational-technical education in Texas; now, therefore, be it

Resolved by the Senate of the State of Texas, That a new interim committee consisting of five members of the Senate be appointed by the Lieutenant Governor to continue the study of vocational-technical education, which was initiated by the committee created by S. R. 153 of the 60th Legislature; and, be it further

Resolved, That the Senate Committee on Vocational-Technical Education be requested to review the overall problems of vocational-technical education, placing particular emphasis on (1) the recruiting, training, and certifying of teachers of vocational and technical education; (2) the study of the administration of current programs; (3) the level and format of state, local, and federal funding, pointing to problems of districts with large numbers of disadvantaged or non-college-bound students; (4) the problems of articulating secondary, post-secondary, technical institute, and private trade school programs; and (5) plans to improve the adequacy of present and proposed programs; and, be it further

Resolved, That the Central Education Agency, the Coordinating Board, Texas College and University System, and all other state agencies having responsibilities or interests in this area be directed to cooperate with the study committee and supply such information and material as may be pertinent to the committee's investigation; and, be it further

Resolved, That the Lieutenant Governor shall designate the chairman of the committee, which shall then elect its own vice chairman and secretary and determine the rules of procedure by which it shall function; and, be it further

Resolved, That the chairman shall

appoint an Advisory Committee on Vocational-Technical Education composed of such members as he deems necessary; and, be it further

Resolved, That members of the committee and of the advisory committee shall be reimbursed for the actual and necessary expenses incurred in the discharge of their duties from the Contingent Expenses Fund of the Senate, including reasonable staff, staff travel, and office supply expenses; and, be it further

Resolved, that the committee be directed to report and make recommendations to the 62nd Legislature when it convenes in regular session in January, 1971.

The resolution was read and was referred to the Committee on State Departments and Institutions.

In Memory of
Dr. Richard W. Setzer

Senator Harrington offered the following resolution:

(Senate Resolution 314)

Whereas, On March 9, 1969, the City of Beaumont and the State of Texas lost one of its most highly esteemed citizens in the passing of Dr. Richard W. Setzer; and

Whereas, The Texas Senate is cognizant of the untiring efforts and the unselfish contributions which Dr. Setzer made on behalf of this State and Nation in the field of education, the military, and in community service; and

Whereas, Dr. Setzer was born in Williamsburg, Virginia in 1918 and began his college career in 1935 by entering Lenoir Rhyne College, where he received his Bachelor of Arts Degree in 1939 and continued his education by doing graduate work at the University of North Carolina before attending George Peabody College, where he earned Master of Arts and Doctor of Philosophy degrees; and

Whereas, Dr. Setzer began his teaching career at Burlington and Pilot High Schools in North Carolina before becoming associate professor at Catawba College; and

Whereas, He began his college administrative career at Lamar State College of Technology in 1951 when he was named director of the division of business administration; in 1954 he was promoted to Dean of the School of Business; in 1960 he was appointed Dean of the College; in 1964 he was appointed Vice-President of Academic Affairs; and in 1967 he was named as President; and

Whereas, Dr. Setzer served his country for four years in the U. S. Army during World War II and was honorably discharged with the rank of first lieutenant; and

Whereas, Dr. Setzer's interest and participation in civic and community affairs was evidenced by his serving on the board of directors of United Appeals, as president of the Beaumont Committee on Employment of the Physically Handicapped, as president of the Beaumont-North Jefferson County Community Council, and as a member of the American Association of Arbitrators; and

Whereas, In a period too often characterized by turbulence and unrest, Dr. Setzer's sense of fair play and his selfless dedication to his work brought him only admiration and respect from his fellow administrators and from the faculty and students at Lamar Tech which he loved so well; and

Whereas, In the untimely passing of Dr. Richard W. Setzer the State of Texas, the field of education, and young people everywhere have lost a true and dear friend; and

Whereas, Dr. Setzer is survived by his devoted wife, Mrs. Joan Setzer; two daughters, Mrs. James L. Carolan and Miss Jean Ree Setzer; his parents, Mr. and Mrs. R. T. Setzer; and a sister, Mrs. Stewart Bruce; now, therefore, be it

Resolved, That a page be set aside in the Senate Journal as a memorial to Dr. Richard W. Setzer; that copies of this Resolution be sent to his family with the deep regard of the Texas Senate; and that when the Texas Senate adjourns today it do so in honor and memory of this great man.

HARRINGTON

Signed—Lieutenant Governor Ben Barnes; Aikin, Bates, Bernal, Berry, Blanchard, Bridges, Brooks, Christie, Cole, Connally, Creighton, Grover, Hall, Harris, Hazlewood, Herring, Hightower, Jordan, Kennard, Mauzy, McKool, Moore, Patman, Ratliff, Schwartz, Snelson, Strong, Watson, Wilson, Word.

The resolution was read.

On motion of Senator Aikin, and by unanimous consent, the names of the Lieutenant Governor and Senators were added to the resolution as signers thereof.

On motion of Senator Harrington, and by unanimous consent, the resolution was considered immediately and was adopted by a rising vote of the Senate.
